To whom it may concern,

Premium Surface Protection have been rejuvenating and protecting the rugs and furniture in our public spaces over the past few years. We have decided to use high end furnishing assets to enhance the experience of our visitors, so protecting our investment is a top priority. The PSP team are great to deal with and complete all works quickly and professionally when needed between other trades and after hours when necessary.

They have also carried out scheduled cleaning, and we are always amazed with the results of their proprietary cleaning techniques. The Fiber ProTector is very effective, spills and stains are very easy to clean for our regular cleaners and the furnishings have kept a great appearance.

We are glad to have made the decision to protect our soft furniture assets and highly recommend their services.

Kind Regards,

Jason Gillig | Assistant Operations Manager | Indooroopilly Shopping Centre | **AMP Capital**
