To whom it may concern,

We have engaged Premium Surface Protection to protect the new fitouts soft furnishings, rugs and carpets in a number of our local new developments over the past few years, they were very easy to deal with and completed all works quickly and when needed between other trades.

They have only carried out a small amount of cleaning to furnishings that need cleaning prior to treatment, but the Fiber ProTector is very effective, spills and stains are very easy to clean ourselves and the furnishings have kept a great appearance.

We are glad to have made the decision to protect our soft furniture assets and highly recommend their services.

Should you require any further information please do not hesitate to contact me.

Yours faithfully
